PROFESSIONAL SUMMARY

Detail-oriented and analytical-minded Data Analyst intern with hands-on experience in SQL, Python, Excel, and Power BI. Proven ability to analyze large datasets, automate reporting processes, and create insightful dashboards to support data-driven decisions. Completed internships in data analytics and web development, demonstrating strong problem-solving skills, communication, and a keen eye for detail. Eager to contribute to real-world projects by turning complex data into clear, actionable insights.

EDUCATION

BEARYS INSTITUTE OF TECHNOLOGY, MANGALORE

2021-2025

Bachelor Of Engineering, Computer Science

B.A.R. HIGHER SECONDARY SCHOOL, BOVIKANAM

2018-2020

Pre University College, Science

MAJLIS ENGLISH MEDIUM HIGHER SECONDARY SCHOOL, MANHAMPARA

2017-2018

SSLC

SKILL

- Database Management: MySQL, MongoDB
- Tools & BI Platforms: Excel, PowerPoint, Power BI
- Programming Languages: Python, Java, HTML/CSS
- Other Skills: Web Development, Data Cleaning, Data Visualization, Communication, Problem-Solving

WORK EXPERIENCE

ELEVATE LABS - DATA ANALYST

APRIL 2025-MAY 2025

Data Analyst intern with experience in building automated reports and analyzing large datasets using Power BI and SQL. Looking to further develop technical and analytical skills in a challenging internship role focused on real-time business insights and performance metrics.

- Completed a 4-week internship focused on data collection, cleaning, and reporting
- Analyzed over 50,000 rows of user behavior data using SQL and Python to identify usage trends
- Built automated reports using Excel and Power BI, enabling real-time monitoring of KPIs

ZEPHYR TECHNOLOGIES PVT.LTD - FULL STACK WEB DEVELOPMENT

SEPT 2024-OCT 2024

Full stack development intern with hands-on experience building user authentication systems and dynamic web forms. Looking to further develop front-end and back-end development skills using technologies like JavaScript, React, Node.js, and MongoDB in a collaborative and fast-paced environment.

- Completed a 4-week internship focused on web development and front-end design
- Designed and implemented a user authentication system and contact form using HTML, CSS, JavaScript, and PHP

PROJECTS

Sales Dashboard (Power BI):

- Created Power BI dashboards using DAX and Power Query, enabling real-time insights into sales trends and improving reporting efficiency.

User Authentication and Contact Form:

- This Project involved building a User Authentication System
- Featuring a Sign-up, Sign-in, and contact page, all of which connected MySQL database.
